

FLOWCHART 1 OUTSIDE GOLF

What to do if you are worried that a child is being abused outside the golf environment (but the concern is identified through the child's involvement in golf)

Concern identified about a child

If the child requires urgent medical attention call an ambulance and inform the hospital doctor that you have a child protection concern

Report your concern to the GWO, who will if necessary refer the matter to CSC /Police without delay

Make a record of everything that the child has said and /or what has been observed with dates and times

If the GWO is not available refer the matter directly to CSC/Police. Remember delay may place the child at further risk

Complete a report form and copy it to CSC /Police and to the NGB CPO within 48 hours
